## From the desk of Principal

Today's new age learners have special Intellectual, Social and Emotional needs. They need an open, enriched educational environment designed to develop superior thinking skills. Students should have stimulating interaction with their intellectual peers and to encouraged to develop the skills and character traits of creative, productive, contributing members of society.

Suditi Global Academy Provides a congenial, positive, enthusiastic school climate that supports & nurtures school life. We take great pride in gifting year after year to the society, students are well aware of personal responsibility and steeped in task commitment, self discipline, independent learning & respectful conduct.

If leadership is the ability to take decisions and to find solutions for the larger good, a suditian imbibes it on the sports field, through international interactions and through positions of responsibility. We aim not to just to nurture the students through his formative years, but also to place him on a path of life long learning, always with roots firmly entrenched in the soil.

A suditian is a leader with understanding, intelligence, sensitivity and inclusive attitude.

**KAMAL KUMAR**  
Director / Principal

The relentless pursuit of the school has been : "To lay the foundation of a noble character of moral integrity, brotherhood, patriotism and sacrifice in the young minds so that they grow straight and strong as ideal leaders who can shape the destiny of the nation."

Education suffuses our lives with joy its eternal merits outliving lives and existence into meaningful realms adding worth to not one or some but millions the profundities of its virtues igniting mankind into hallowed portals justifying life quintessentially.

The foundation of 'Suditi Global Academy' is laid with a view to facilitate the children of the society, the nation and the world with education. Schools are the temples which help enlighten the mind and behavior of students, the main motto of education at Suditi Global Academy is to develop an individual physically, mentally and socially. It is a holistic process and continues through our life.

Children are the mirrors in which we see our reflection. They have boundless energy and many talents. SGA facilitates all round development of children to the maximum and endeavors to use their energy for creative work.

We wish to achieve our goals by making our students to be problem solvers, users of technology, effective communicators and lifelong learners in a rapidly changing global community by providing challenging experiences in a safe, caring, supportive and cooperative environment and prepare them to be successful and happy in this highly competitive and future global scenario. Our aim is to facilitate the holistic development of each child not only as an individual but also as a well adjusted member of a larger society.

SGA students are helped to master the expanding horizons of technology and it has also become the repository of a deep commitment to Indian ethos and culture in its pristine form.

## From the desk of Manager

**"Education is not the learning of the facts but the training of the mind to think"**  
(Albert Einstein)

The world is at a juncture where there is dire need for each individual to be aware of the latest development taking place at the global front and be the active participant in it. Resolute and committed to bring a sea change in social environment as per the amplifying transition in his/her contemporary world." Education is not mere accumulation of facts; it is preparation for life itself." The basic need of the present time is to train the students in such a manner that they are able to traverse the unexplored global terrain with ease, strengthened by values, ethics, confidence and above all positivity. The students need an open, enriched educational enrolment designed to develop superior thinking skills.

Our heartfelt desire is to provide a holistic education that enables growth, optimism, hard work and all round development with a better understanding of the cultural, moral and social contexts of one's lives. There is no denial to the need for quality education in India. Only a literate, critically thinking young population will be able to ensure a balanced and sustainable growth of the country. We believe that every child is unique and has potential to excel. We nurture the students' enquiring minds and help them to develop critical thinking, communication skills, and life skills of flexibility, initiative, social skills, productivity and leadership which will help them to thrive not only in the classroom but also in the world beyond.

# ACADEMICS

## AN IMAGINATIVE CURRICULUM

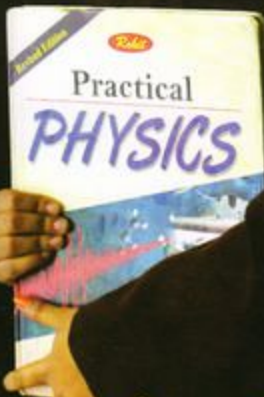

**Pre-Primary School :** The approach at Pre-primary is 'child centered'. It is development oriented and emphasises on the child's interaction with his environment. The main objectives at this level are the development of social, language, physical and motor skills, creative expression, aesthetic and cognitive skills.

**Primary School :** A thematic approach is designed to stimulate children through various inter-active sessions and activities. Innovative, contemporary concepts are projected and re-inforced through different subjects — 'learning by doing' culminating in 'joyful learning' is the ultimate goal. A blend of mass participation along with an emphasis on a strong sense of individuality is stressed upon.

**Middle School :** The emphasis at middle school, besides following the NCERT guidelines, is on developing the right study habits and securing an in-depth knowledge of the subject. The curriculum is research- oriented based on teamwork. Selection of matter and presentation is given utmost importance. Personality development, value education and coping with peer pressure are stressed upon at this stage.

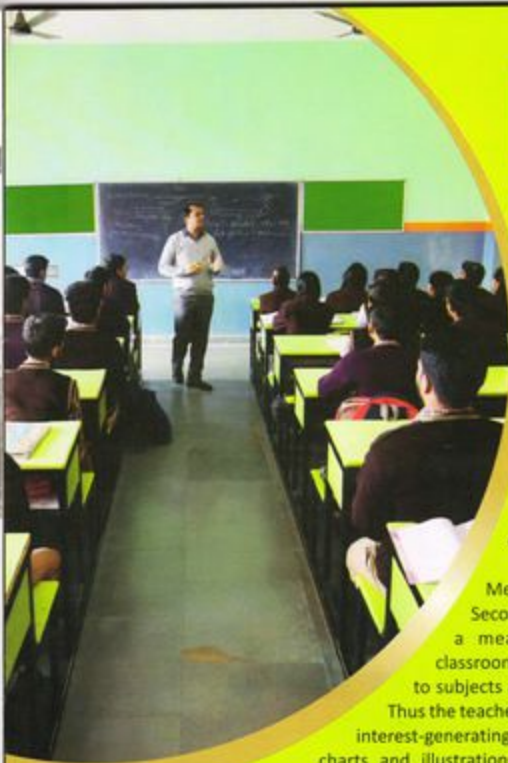

**Senior School :** Apart from the prescribed CBSE syllabus, the school strives to cater to their needs for competitive entrance exam through result oriented training by experienced professionals. We offer three streams for Senior Secondary i.e. Science, Commerce & Humanities. The emphasis at this stage is on total development targeting the desired success.

The school keeps an open mind to the changing educational patterns, both abroad and at home and through this cross-fertilisation of ideas and teaching methods, the school endeavours to launch citizens who can face the challenges of an International Interface. To further enhance this aspect, exchange programme of teachers and students with prestigious schools abroad and in India, are being processed.

# FACULTY

We ensure a quality environment in which a professional team of highly skilled academicians provide a broad based educational experience which acknowledges both the need of Society and the potential of the child to contribute according to his/her own strengths and interests.

The programmes offered encourage students across the world to become active, compassionate and life long learners who understand that other people, with their differences can also be right.

**Meaningful Learning Environment** The Secondary educational program is taught in a meaningful milieu in 'subject based classrooms.. Classrooms are therefore assigned to subjects and their interiors are subject specific.

Thus the teachers have, immediately at hand, plenty of interest-generating teaching aids, ranging from maps, charts and illustrations to computer software, books and models.

These classrooms themselves, consequent to the ambience created with subject specific displays, exhibits, books, etc. serve to generate added student interest in respective subjects and enhance academic motivation.

## Special Class for JEE & NEET

The School Prepares Student for JEE/NEET Examination.

- Activity Base Learning
- Counseling
- Special Online Classes of PCMB

It is very important to offer a rich selection of co-curricular activities to students of all ages. It is only through this exposure that a child becomes aware of its special interests and talents. This in turn allows a child to receive appreciation and acclaim and to grow in confidence. This confidence then gets reflected in other areas leading to all round growth and progress.

The nature and range of these activities are not static and continue to evolve as per the interests and talents of the students body and the faculty.

Co-curricular activities offered, include karate, skating, yoga, music, kathak, dramatics, drawing, batik, debates, quizzing, painting, tie & dye, clay modelling and pottery, sculpture, Indian dance, designing and Indian & western music, hobbies, publications, special interest clubs and societies, as also community service. Special courses in rock climbing, rifle shooting and horse riding are organized from time to time. Every child attends an activity period at least once daily.

Their achievements are Showcased during the week long Founder's Day Celebrations held annually. There are clubs and societies for English & Hindi debating, dramatics, creative writing & poetry recitation, for gardening, software programing, etiquette, quiz, chess, mathematics, electronics, nature, scholastics, tiger preservation and so on. Community service includes visit to an old age home, educating the community on waste management, campus cleanliness and specific projects in the wider community.

# Home Away From Home

## Hostel

Suditi Global Academy has taken special pride in providing matchless boarding facilities for students from classes IV to XII for boys. It also provides round the clock medical care to the boarders.

The Hostels provides the structure and order which all youngster need and at the same time of warm surroundings of an extended home so that students feel comfortable with provision of all the comforts and security.

## Remedial Classes

The remedial classes are the school's initiative to help bring the comparative slow learners and low scorers at par with the rest of the class. Under this set up, a list is formulated at the start of each academic year; of students whose performance has been consistently low. A special 60 minute slot is created after the school's time table, towards the end of every day. The idea of keeping this slot within the regular working hours of the school is to avoid stay backs and discourage unhealthy demarcations between the students. A remedial slot is allocated to each subject in an efficiently planned manner, so as to ensure that all the subjects are assigned equal slots within a week.
